Foundation Students Are Here and Loving It!

Can you believe that the Foundation students have been at school for a month already? It has been a very busy and exciting time for all involved. The Foundation students are beginning to get to know their way around the school and make some new friends in their classes and across the year level. The students have met their specialist teachers and begun to develop relationships with their caring Grade 6 Buddies during our fortnightly Buddy lunches.

It has been particularly pleasing to see the students becoming more familiar with class routines and school rules such as taking home small picture books to read and lining up when they hear the music that plays before the bell. They have also begun to participate in reading numerous 'big books' as a whole class and playing many counting games with concrete materials and on the Interactive Whiteboards.

On behalf of the Level 1 team I am very pleased to say that the Foundation Students have definitely **"Stepped Up To School."** Well Done to Wattle Park Community and thankyou to the Foundation families for their support.

Kind Regards,
Katie Hardy.
