Prep Word Rings

Dear Parents,

To support children’s literacy skills we have developed a Word Ring for each child. The purpose of the Word Ring is to familiarise children with commonly used words found in their Reading and Writing. The words used are taken from the word lists inside your child’s reader cover. The Word Rings are used during class activities and as such they need to be brought to school each day. Children are really enjoying using their Word Rings and we encourage you to reinforce the home-school link.

Here are some suggestions for how to use Word Rings:

- read words to your child
- child reads words
- choose a word each night to spell
- make sentences using words
- look for blends e.g. th or sh words
- read words in alphabetical order
- read words in unfamiliar order
- encourage siblings to join in
- search for initial sounds

Thank you,

FB FM FG Principal
