Wattle Park Primary School was first established in 1914. It has a current enrolment of 393 students, who come from various ethnic and socio-economic backgrounds. The school site is approximately 3.4 hectares and is situated within a large green belt in the middle of Melbourne’s eastern suburbs.

In 2006 we set up a small vegetable garden, which then expanded to include chickens and a sustainability program at the school.

We now have a dedicated gardener and resident chef that work with the students to create fun and fresh meals.

As part of our healthy eating program we have now developed a healthy eating seasonal cookbook based on these recipes. The book also includes a fabulous planting and harvesting guide for gardens.

It is a great resource for everyone.

Orders are now being taken. All funds received will go directly back into the school to enhance the learning and programs at Wattle Park Primary School. Cookbooks will be printed in Term 4 2015 and can be picked up at the School when ready.

Cookbooks are $25 each. Please order today. Orders to the Office please.

Payment by Cash or Cheque made out to Wattle Park Primary School.
