Year 4 Incursion on Mad About Science

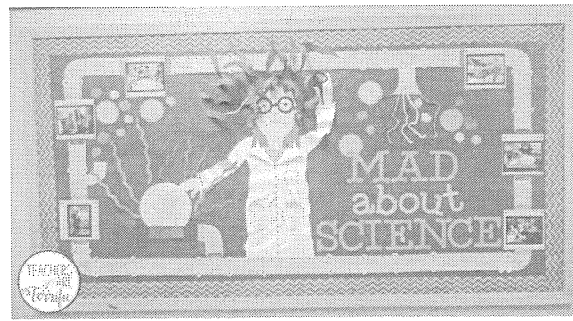

Dear Year 4 Parents and Families,

To complement this term's 'Friends or Foes' integrated topic investigating the science behind life cycles and how each living thing has a different life cycle and depend on each other and the environment to survive, an incursion has been organised with Mad About Science.

Throughout the workshop, students will explore objects that have self-sustaining processes like plants, animals and micro-organisms. Through engaging hands-on activities learn about the difference between living and non-livings, life cycles and the bigger picture.

Please unsure 'Essential Classroom Items' payment has been made by Friday 2nd March 2018, as this includes the Educational Experiences payment for incursions & excursions.

Date: Friday 9th March 2018

Yours sincerely,

Richard Abell, Kathy Skantzios, Gayle Cope
