As part of our partnership with Swinburne University, the Year 6 students have been invited to attend a 3D AstroTour at no cost to the students.

Using innovative Virtual Reality technologies developed by the Centre for Astrophysics and Supercomputing, AstroTours are designed to educate and entertain audiences about astronomy. The movies, animations and simulations used to explore the Universe are all produced by Swinburne Astronomy Productions: a team of astronomers, visualisation researchers, animators, artists and programmers.

Each AstroTour is hosted by a professional astronomer who adapts the content to the requirements and learning outcomes of the audience.

We will leave the school at 11.30am and aim to return by 1.30pm.

Gayle Cope
Principal

I __________________ give permission for my child __________________ in Year 6 ____ to participate in the Swinburne University Astrotour on Wednesday the 21st of May, 2014.

I understand that the children will be travelling to & from the venue by bus.

I authorise the teacher-in-charge of my child to consent, where it is impracticable to communicate with me, to my child receiving such medical or surgical treatment as may be deemed necessary.

I am interested in attending as a parent helper YES / NO (please circle)
