

PROTECT

CHILD SAFETY RISK REGISTER

[Child Safe Standard 6](#)

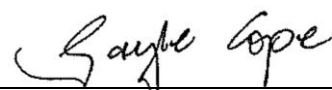

Strategies to identify and reduce or remove risks of child abuse

The school develops, implements, records, and monitors risk management strategies, for example by using a Child Safety Risk Assessment Register approved by the Principal.

Responsible staff member: Gayle Cope (Principal) and Steve Donohue (Assistant Principal)

Approved by school principal:

Gayle Cope
Principal

Register name: Child safety risk register

Date reviewed: 11.11.2019

Next review due: Term 4 2020

Location: 225 Warrigal Rd. Burwood.

Risk Title & Description	Risk Causes & Consequences	Existing risk management strategies	Current Risk Assessment			New risk management strategies	Who is responsible?	Date of new risk management strategies
			Current Risk Consequence <i>How big would the impact of this risk be if it occurred? (choose one)</i>	Current Risk Likelihood <i>How likely is this risk to occur? (choose one)</i>	Current Risk Rating <i>What is the current risk level based on the risk rating matrix (below, page 9)?</i>			
Define the risk including a title and a short description <i>What can go wrong?</i>	Describe the risk cause/s and consequence/s <i>What would cause it to go wrong? (causes) What are the impacts if it does go wrong? (consequences)</i>	Describe any existing policy, procedure, practice or device that acts to minimise the risk <i>What is in place now that reduces the likelihood of this risk occurring or its impact if it did occur?</i>				Describe the actions to be undertaken for those risks requiring further treatments	List who is responsible for each new treatment (noting that the principal is ultimately responsible)	The date the treatment action should be completed by
<p>Risk Title Non-child safe school culture</p> <p>Risk short description There is a risk the school does not develop a culture of child safety</p>	<p>Causes</p> <ul style="list-style-type: none"> Lack of an effective child safety risk management strategy Failure to ensure that appropriate guidance and training is provided to the individual members of the school council and school staff about child safety School fails to monitor who is on the premises Lack of reporting procedures Lack of understanding of roles and responsibilities in relation to child safety Lack of leadership on child safety <p>Consequences</p> <ul style="list-style-type: none"> Child safety incident occurs Underreporting of child safety incidents to relevant authorities Inappropriate behaviour not reported within school Physical or psychological injury Stress for all personnel involved, which could lead to occupational health and safety issues Non-compliance with minimum standards/Min Order 870 Breach of duty of care/organisational duty of care Litigation / adverse court ruling 	<ol style="list-style-type: none"> Child safety risk management strategies are implemented Child safety policy or statement of commitment Child safety code of conduct Strategies to embed an organisational culture of child safety are adopted Human resources practices for child safe organisations are in place A child safety officer/champion for the school is appointed Staff, volunteers, visitors and contractors receive induction regarding the school's child safety policies, procedures and practices. Develop and deliver training to the principal, school council and staff about: <ul style="list-style-type: none"> individual and collective obligations and responsibilities for managing the risk of injury/child abuse child abuse risks in the school environment; and the school's current child safety standards Develop strategies to deliver appropriate education to students (See A Guide to Support Victorian Schools to Meet Child 	<p>Severe</p> <p>Major</p> <p>Moderate</p> <p>Minor</p> <p>Insignificant</p>	<p>Almost Certain</p> <p>Likely</p> <p>Possible</p> <p>Unlikely</p> <p>Rare</p>	<p>Extreme</p> <p>High</p> <p>Medium</p> <p>Low</p>	<ol style="list-style-type: none"> Introduce child safety as a standard discussion item on School Leadership Team meetings and staff meetings. Develop and distribute regular school bulletins containing material related to child safety to inform the school community <ol style="list-style-type: none"> Conduct periodic reviews of the effectiveness of the child safety risk management strategies put into practice and, if considered appropriate, revise those strategies. 	<ol style="list-style-type: none"> Gayle Cope (Principal) Steve Donohue (AP) Respectful Relationships Team School Council Teaching Staff ES staff 	<p>Term 4 2019</p> <p>Reviewed Term 4 2020</p>

	<ul style="list-style-type: none"> Reputation damage (School/Department) Community dissatisfaction and distrust over perceived child safety neglect, which could lead to drop in school enrolments 	<p>Safe Standard Z, and Empowerment and participation of children about:</p> <ul style="list-style-type: none"> standards of behaviour for students attending the school; healthy and respectful relationships (including sexuality); resilience; and child abuse awareness and prevention. <p>10. Inclusion of child safety obligations in staff position descriptions.</p>						
<p>Risk Title Child abuse is not reported</p> <p>Risk short description There is a risk that the school does not report child safety concerns</p>	<p>Causes</p> <ul style="list-style-type: none"> Lack of reporting protocols Staff not aware of reporting protocols Staff not aware of their reporting obligations Familiarity of relationships Poor child safety culture <p>Consequences</p> <ul style="list-style-type: none"> Child safety incident occurs Underreporting of child safety incidents to relevant authorities Inappropriate behaviour not reported within school Physical or psychological injury Stress for all personnel involved, which could lead to occupational health and safety issues Criminal penalties: <ul style="list-style-type: none"> Failure to Report and/or Failure to Protect offence, Penalties under the Reportable Conduct Scheme Non-compliance with minimum standards/Min Order 870 Breach of duty of care/organisational duty of care Litigation / adverse court ruling Reputation damage (School/Department) Community dissatisfaction and distrust over perceived child safety neglect, which could lead to drop in school enrolments 	<ol style="list-style-type: none"> Child safety policy and statement of commitment. Child safety code of conduct. Procedures for responding to and reporting suspected child abuse are developed and implemented Recording your actions: responding to suspected child abuse template is readily available to all staff Performance management procedures are in place. WPPs Strategies to identify and reduce or remove risks of child abuse include the following: <ol style="list-style-type: none"> WPPS Volunteers Policy WPPS Visitors Policy Annual School Council Training: Guidance and Training Re Child Safety Annual Staff Training: Protecting Children - Mandatory reporting and Other Obligations Ensure all school mandatory reporters (and other school staff if possible) undertake the Protecting Children - Mandatory Reporting and other Obligations online module annually 	Severe	Almost Certain	Extreme	<ol style="list-style-type: none"> Train students, staff and volunteers (including homestay providers) to identify inappropriate behaviour and indicators of abuse, and escalate concerns Develop and deliver training to the principal, school council and staff about: <ol style="list-style-type: none"> individual and collective obligations and responsibilities for managing the risk of child abuse; child abuse risks in the school environment; and the school's current child safety standards Inclusion of child safety obligations in staff position descriptions. Causes <ul style="list-style-type: none"> Lack of adult supervision Lack of knowledge regarding the people in attendance at an offsite venue 	All staff in attendance have their VIT or a WWCC including the staff in attendance at the offsite venue Supervision involves staff being aware of where students are at all times including when students may leave the pool to go to the bathroom	Major	Rare	Low	All staff in attendance have their VIT or a WWCC including the staff in attendance at the offsite venue Supervision involves staff being aware of where students are at all times including when students may leave the pool to go to the bathroom	All WPPS staff	

DET Risk Process

Risk can be described as anything; event, practice, process, activity, etc. that could hinder or help achievement of stated goals or objectives.

DET Risk Management Framework - Assessment Tools

Consequence Criteria: This guide provides indicative terms against which the significance of risk is evaluated.

Descriptor	Student Outcomes	Wellbeing and Safety	Finance	Reputation	Operations	Strategic
Insignificant	<ul style="list-style-type: none"> Educational outcomes, engagement and wellbeing and pathways and transitions can be met with workarounds 	<ul style="list-style-type: none"> Minor injury requiring no first aid or peer support for stress/trauma event 	<ul style="list-style-type: none"> Small loss that can be absorbed 	<ul style="list-style-type: none"> Internal impact (no external impact) 	<ul style="list-style-type: none"> School operations continue with slight interruptions to normal activities 	<ul style="list-style-type: none"> Goals, targets and key improvement strategies can be delivered with inconsequential impacts
Minor	<ul style="list-style-type: none"> Educational outcomes, engagement and wellbeing and pathways and transitions achieved but below targets 	<ul style="list-style-type: none"> Injury / ill health requiring first aid Peer support for stress / trauma event 	<ul style="list-style-type: none"> Loss of 'consumable' assets, < 2% deviation from budget Minor fraud possible 	<ul style="list-style-type: none"> Adverse comments local community media Short term stakeholder dissatisfaction / comment 	<ul style="list-style-type: none"> Some school operations disrupted Minor workarounds return school to normal operations 	<ul style="list-style-type: none"> Minor workarounds need to be implemented to deliver the SSP goals, targets and key improvement strategies
Moderate	<ul style="list-style-type: none"> Students' overall levels of Literacy and Numeracy static Increasing truancy Partial achievement of targeted pathways and transition 	<ul style="list-style-type: none"> Injury / ill health requiring medical attention Stress / trauma event requiring professional support 	<ul style="list-style-type: none"> Loss of assets 2% - 5% deviation from budget External audit management letter 	<ul style="list-style-type: none"> External scrutiny e.g. VAGO Adverse state media comment Stakeholder relationship impacted 	<ul style="list-style-type: none"> Key school operations temporarily disrupted School leadership team meets to return school to normal operations 	<ul style="list-style-type: none"> Constant consultation with key stakeholders needs to be maintained to deliver the SSP goals, targets and key improvement strategies
Major	<ul style="list-style-type: none"> National targeted improvements not achieved Partial achievement of targeted learning outcomes Student dissatisfaction with access to pathways / transitions 	<ul style="list-style-type: none"> Injury / ill health requiring hospital admission Stress / trauma event requiring ongoing clinical support 	<ul style="list-style-type: none"> Loss of significant assets 6% - 15% deviation from budget External audit qualification on accounts High end fraud committed 	<ul style="list-style-type: none"> External investigation Adverse comments national media Stakeholder relationship tenuous 	<ul style="list-style-type: none"> Whole of school operations disrupted Assistance sought from Regional Office 	<ul style="list-style-type: none"> Significant adjustment to resource allocation and service delivery required to deliver SSP goals, targets and key improvement strategies
Severe	<ul style="list-style-type: none"> Literacy and Numeracy decline Student engagement and connectedness to the school and their peers is very poor Declining number of student options for pathways and transitions 	<ul style="list-style-type: none"> Fatality or permanent disability Stress / trauma event requiring extensive clinical support for multiple individuals 	<ul style="list-style-type: none"> Loss of key assets >15 % deviation from budget Systemic and high value fraud 	<ul style="list-style-type: none"> Commission of inquiry National front page headlines Stakeholder relationship irretrievably damaged 	<ul style="list-style-type: none"> Normal school operations cease School evacuated Regional Office notified 	<ul style="list-style-type: none"> SSP goals, targets and key improvement strategies cannot be delivered Changes need to be made to the SSP

Likelihood Criteria: This guide provides the indicative terms against which the probability of a risk event occurrence is evaluated.

Descriptor	Description	Indicative %	Indicative Frequency
Almost Certain	Expected to occur	>95%	Multiple times in the next year
Likely	Probably will occur (no surprise)	66-95%	At least once in the next year
Possible	May occur at some stage	26-65%	Once in the next 3 years
Unlikely	Would be surprising if it occurred	5-25%	Once in the next 5 years
Rare	May never occur	<5%	Once in the next 10 years

Note:

- The **Likelihood Criteria** refers to the likelihood of the consequence descriptor you have selected i.e. the likelihood of a 'major' consequence.
- The **Indicative Frequency** may not be relevant when assessing risks related to repeated activities, or when objectives are to be delivered over discrete periods of time. It should not be the sole basis for assessment.

DET's Control Effectiveness: Indicates the self-assessment of control effectiveness.

Controls Effectiveness Rating and Criteria	
Ineffective	<ul style="list-style-type: none"> The design of controls overall, is ineffective in addressing key causes and/or consequences. Documentation and/or communication of the controls does not exist (e.g. policies, procedures, etc.). The controls are not in operation or have not yet been implemented.
Needs Improvement	<ul style="list-style-type: none"> The design of controls only partially addresses key causes and/or consequences. Documentation and/or communication of the controls (e.g. policies, procedures, etc.) are incomplete, unclear or inconsistent. The controls are not operating consistently and/or effectively and have not been implemented in full.
Acceptable	<ul style="list-style-type: none"> The design of controls is largely adequate and effective in addressing key causes and/or consequences. The controls (e.g. policies, procedures, etc.) have been formally documented but not proactively communicated to relevant stakeholders. The controls are largely operating in a satisfactory manner and are providing some level of assurance.
Effective	<ul style="list-style-type: none"> The design of controls is adequate and effective in addressing the key causes and/or consequences. The controls (e.g. policies, procedures, etc.) have been formally documented and proactively communicated to relevant stakeholders. The controls overall, are operating effectively so as to manage the risk.

DET's Risk Rating Matrix: Used to combine consequence with likelihood to determine the overall level of risk.

Risk Rating Matrix		Consequence				
		Insignificant	Minor	Moderate	Major	Severe
Likelihood	Almost Certain	Medium	High	Extreme	Extreme	Extreme
	Likely	Medium	Medium	High	Extreme	Extreme
	Possible	Low	Medium	Medium	High	Extreme
	Unlikely	Low	Low	Medium	Medium	High
	Rare	Low	Low	Low	Medium	Medium

DET's Acceptability Chart: Used to decide whether the risk is acceptable, based on the rating calculated.

Extreme = Unacceptable (must have Principal / School Council / Regional Office oversight)	Immediately consider whether the activity associated with this risk should cease. Any decision to continue exposure to this level of risk should be made at Principal / School Council / Regional Office level, be subject to the development of detailed treatments, on-going oversight and high level review.
High = Tolerable (with ongoing Principal Class Officer review)	Risk should be reduced by developing treatments. It should be subject to on-going review to ensure controls remain effective, and the benefits balance against the risk. Escalation of this level of risk to Principal Class Officer level should occur.
Medium = Tolerable (with frequent risk owner review)	Exposure to the risk may continue, provided it has been appropriately assessed and has been managed to as low as reasonably practicable. It should be subject to frequent review to ensure the risk analysis remains valid and the controls effective. Treatments to reduce the risk can be considered.

**Low = Acceptable
(with periodic review)**

Exposure to this risk is acceptable, but is subject to periodic review to ensure it does not increase and current control effectiveness does not vary.
